Advertising Details 2023

Love Bytes advertisements are placed in the both right-hand and left-hand sidebars at <https://lovebytesreviews.com>. The ads are viewable from every page on the site and run for one month each, beginning on the first of the month. Your spot includes a link from the ad to any other site, such as a retailer, publisher page, or author website. Ad spots should be sized to 300 pixels high x 200 wide. These are generally standard cover dimensions, so they work very well if you want to use existing cover art. Please note that it is important to provide art in these proportions to ensure the ad fits the space properly. Art in the wrong proportions may result in your ad not fully filling the available space. We can accept both static and animated (slide show style) advertisements.

Right Side: 4 spots available (all will also show in footers)

- 2 top spots - \$65 each per month
- 3rd and 4th spots - \$55 each per month

Left Side: Multiple spots

- 2 top spots - \$55 each per month
- 3rd and 4th spots - \$45 each per month
- 5th and 6th spots - \$35 each per month
- Spots below the top 6 spots - \$30 each per month
